

2nd March 2015

I can certainly recommend the services of Sign City and the personal effort of Alex and his team in catering to our specific requirements and often delivering quality work on short notice; whether it be general house signage, large visible and well installed signs in our target areas or the branding of our vehicle fleet. We have known Alex since 2008 and I can confirm his personal integrity and focus on service delivery.

Yours Sincerely

Mike Sears

Managing Director
